Obituary

Unless otherwise stated, visiting hours at Warren's funeral homes are from 10 a. m. to 12; 2 to 5 and 7 to 9 p. m.

MARY CLEMONS SMITH

Word has been received here that Mrs. Mary Clemmons Smith, widow of Rufus B. Smith, of Madison, Wis., died at the home of her daughter, Mrs. Clyde H. Teesdale, in Grand Rapids, Mich., on Saturday. Funeral services will be held Tuesday in Madison.

She is survived by three daughters, Mrs. Mary S. Swensen, Madison; Mrs. Mary S. Swensen, Madison; Mrs. H. B. Fairchild, New Rochelle, N. Y.; one sister and one brother, Miss J. Allen Clemmons and Frank Clemmons, both of Warren; also several nieces and nephews.

She was born in Warren January 7, 1844, the daughter of Thomas and Elizabeth Holt Clemmons.

A. J. KORONA

Andrew Joseph Korona, aged 66, passed away at 8:30 a. m. Saturday at his home on Yankee Bush after a lingering illness. He had been a resident of that community for the past 23 years. He is survived by his wife, Kane; one daughter, Mrs. Mary Wroblewski, at home; five brothers and three grandchildren.

Removal has been made to the Templeton Funeral Home, where friends will be received at the usual hours and from where the rosary will be recited at 8:30 this evening. Services in his memory will be held from St. Joseph's church at nine o'clock Tuesday morning, followed by interment in St. Joseph's cemetery.

DORMER RAYMOND DERR

Services in memory of Dormer Raymond Derr, 52, who dropped dead Saturday evening about 10:55 in the kitchen of his home at 1211 Sechrist street, shortly after returning from a shopping trip to the business section with his wife, will be held from the Lutz funeral home Tuesday afternoon at two o'clock. Interment will be in the cemetery at Kane.

Mrs. Derr stated that Mr. Derr had been complaining of pains in his chest for several days. Saturday evening they had been shopping and shortly after returning home he suffered another attack. Home remedies were applied and shortly afterwards he collapsed and fell to the floor, dying before help could be summoned.

Mr. Derr was born in Fribley, Wyoming county, August 19, 1892. He moved to the vicinity of Sheffield and Hallton in 1929, and came

Fliers Drop Into Warren For Brief Visit

Johnny Bleech, First Lieutenant in the Navy Flying Service spent several hours in Warren on Saturday when he flew in for a visit with his parents, Mr. and Mrs. Fred Bleech, 21 Locust street. He was flying a Curtiss Helldiver, a Navy dive bomber and made a landing at the Warren airport. The big ship won much attention while at the port and many drove down to have a look at the machine. Young Bleech is a combat flier and is now stationed at a Florida base. He came in from Enid and took off for that city Saturday evening after spending the day in Warren. While here he renewed acquaintances with a number of old friends and classmates in the Warren High School.

The community had a second visit by a local boy Sunday morning shortly after ten o'clock when Ensign John L. ("Jack") Kiernan, son of Mr. and Mrs. J. G. Kiernan, 1301 Pennsylvania avenue east, "dropped down" on the airport in a Grumman Avenger, torpedo bomber. He made the flight from Bellefonte where he spent the night. Ensign Kiernan had advised his parents that he might be making a cross-country trip through this area and when the plane swooped over the east side and saluted the vicinity of Dartmouth street and Pennsylvania avenue the family hastened to the airport where a most enjoyable reunion was held for about an hour before he took off on the return trip to Bellefonte shortly after eleven o'clock. Two companions who were making the trip with him remained at State College for the day. Ensign Kiernan at present has an "OPO" address, but more recently has been based at Fort Dev, Mass.

Youngsville Man Is Found Dead in Yard

Services are being held this afternoon at three o'clock in the U. B. church at Youngsville, in memory of John Alphonso Becker, 72, who died suddenly about 4:30 o'clock Saturday afternoon in the garden of his home in East Main street. Rev. Charles McIntyre is officiating and interment is to be made in the Youngsville cemetery.

Discovery of the sudden passing of Mr. Becker was made by his sister, Mrs. Catherine Davis, with whom he resided, when she went to the garden to call him to supper and found him in a sitting position on a garden seat. A physician advised the coroner he succumbed to a heart attack. He had been in failing health for some time but seemed better than usual Saturday when he went to the business section of Youngsville to do some shopping and later supervised delivery of a load of coal to the cellar of the home.

Mr. Becker's wife died in 1927 and for some years he had made his home with the sister. He had no children. He was a man much respected in the community and a member of the United Brethren church.

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all the neighbors, friends, and relatives who so graciously gave of their time, for the beautiful floral offerings and the use of cars at the time of our recent bereavement.

SENT TO WORKHOUSE
The two Grand Valley boys arrested some time ago breaking into a home there and taking considerable property have been up in court for sentence. Herbert Persing was sentenced to serve from three to six months and Louis Van Guilder was sentenced to serve not less than 6 nor more than 12 months in the Allegheny County Workhouse. Each was fined \$5 and costs and must make restitution. Deputy Sheriff Sanford Secor and Arthur Boardman, of Sheffield delivered the boys to the workhouse today.

Lines of swastikas indicate drives for greatest Nazi goals—capture of Leningrad, Moscow and Stalingrad; hammer-and-sickle symbol lines symbolize Russians chasing Germans back.

Moose Sent Delegation To Corry Sunday

Warren Loyal Order of Moose sent a large delegation of its officers and members to Corry Sunday where the Corry Moose Lodge was instituted. The local lodge some time ago signed up a large number of members from Corry and these will become affiliated now with the new Corry Lodge. Merle Clark, of the organization department of the Moose lodge signed up a class of 227 men with three life memberships for the new lodge.

These were initiated by the Oil City Degree team and there were a number of the Supreme Lodge officers in attendance at Corry. Secretary Walter Kiser, of the Warren lodge was present and aided in the arrangements made. The installation ceremonies took place in the Corry Armory and there were members present from most of the lodges in this section. Deputy Supreme Governor Frank Perotti of Kane presided.

PAYMENT FOR FARMERS

The County Committee of the Warren County Agricultural Conservation Association announces that farmers may earn a legume hay seed payment of \$3.50 per acre, not limited by any allowance, for harvesting for seed an acreage of alfalfa, red, alsike or sweet clover. An additional payment of \$1.50 per pound will be made on clean red clover seed harvested, and \$2.00 per pound on alsike clover or alfalfa seed. To qualify for this payment, seed must be cleaned and tested or sold to a dealer.

OPEN FOR BUSINESS

Patrons of Les Jolae Beauty Salon in Times Square are reminded that the shop is again open for business as usual after having been closed all last week because of illness.

TRAIN WAS LATE

Train No. 380 on the Pennsylvania railroad from Erie was four hours late in arriving in Warren last night. A car off the track just east of Corry caused the delay. The wrecking crew from Erie replaced the car on the rails.

SEVERAL HONORS

It is learned here from State College that John E. Borne, 1411 Pennsylvania avenue, who was graduated from the local high school last June and is now a chemistry student at Penn State, has taken third place in state examinations in the district and received a \$500 scholarship prize. He has also been pledged to Alpha Chi Sigma.

HUNTING GERMAN

Heinz Tolze, German prisoner, who escaped from the North East canny where he was employed with other war prisoners is thought to be in this section. A police drag net spread for him has made escape almost impossible and it is felt that some person is giving him refuge. Any person securing any clues as to the whereabouts of the fellow is asked to call the Warren police or the State Police.

RIVER IS LOW

The river stage this morning registered .009 inches which is the lowest stage registered this summer. The lack of rains on the upper river has caused the stream to fall steadily. All streams in the county are low and the springs and wells are beginning to dry up in some sections of the county.

LINDELL ADMITTED

Paul J. Lindell, Akeley, is one of 105 Pennsylvania Holstein breeders recently admitted to membership in The Holstein-Friesian Association of America by unanimous vote of the Board of Directors. Applications from 878 were approved. The national Holstein association is the largest dairy cattle recording organization in the world. Its total membership now numbers more than 34,000 cattle breeders.

BOOKLET ON CANNING

Warren Bank and Trust Company has for distribution to all who will call for it a limited supply of the new U. S. Department of Agriculture booklet on "Home Canning of Fruits and Vegetables". It is especially valuable because it deals fully with the proper use of the new types of equipment and containers to which many housewives will have to resort for the first time this season, because of war shortages.

CATTLE BREEDER REGISTER

F. L. As of July 23

Processed Foods—Various canned or bottled vegetables, fruits, fruit juices, soups, baby foods; jams, jellies and other special products, and certain dried beans. Only blue stamps and blue tokens can now be used in buying Processed Foods, blue tokens being used as change. Blue stamps A-8 through Z-8, also blue stamp A-5, in War Book 4 are now valid and good indefinitely. No further blue stamps will be validated until August 1. Each blue stamp is valued at 10 points. All frozen fruits and vegetables, and dried fruits are now point-free.

Meats and Fats—Many meats and also canned fish have been reduced to zero point value. Only red stamps and red tokens can be used in buying meats and fats, red tokens being used as change. Red stamps A-8 through Z-8 in War Book 4 are now valid and good indefinitely. No further red stamps will be validated until July 30. Each red stamp is valued at 10 points. Beef steaks (except flank) and beef roasts, butter, margarine, canned milk and cheeses still require points. However, any cuts of beef or canner and cutter grade, and any cuts of bulls or stags (any grade) have zero point value.

Sugar—Stamps 30, 31 and 32 in Book 4 are good for 5 pounds of sugar each and are good indefinitely. Sugar stamp 40 in War Book 4 is good for 5 pounds of sugar for home canning only and will be good through February 28, 1945. The first half of the 1944 home canning season ended at noon July 22. The second half begins August 14 and will end October 14. Each holder of a Spare 37 stamp from Book Four is entitled to 20 pounds of home canning sugar for the entire season.

Shoes—Airplane stamps 1 and 2 in War Book Three are each good indefinitely for one pair of shoes.

Gasoline—In northwest and southeast, 10-A coupons good for three gallons through Aug. 8. Elsewhere, 12-A Coupons good for three gallons through Sept. 21. B-3, B-4, C-3 and C-4 coupons good everywhere for five gallons.

Fuel Oil—Period Four and Five coupons valid in all areas through September 30.

Tires—Periodic inspection of tires on passenger cars is no longer necessary. However, the tire inspection record must be retained since it is necessary when applying for tire replacements or supplemental gasoline rations. Subject to need and quota restrictions, motorists with "B" and "C" gasoline ration books are eligible for Grade 1 tires. Holders of "A" gasoline books are eligible for Grade 3 tires. In all cases applications must be made to the local board for a certificate.

Whiskey—Through Aug. 19 Book 3 may be presented to obtain the fifth (of a gallon) or pint, allotted for the 6th period. Servicemen may obtain a pint or one fifth for the period or one pint in the first four weeks and another in the latter three weeks, by presenting furlough papers, if stationed out of state, or certificate from commanding officer if stationed in Pennsylvania.

Warren Bank and Trust Co.Battery Plant To Begin
Operations On Flash Batteries

The War Production Board has authorized the Cropp Engineering Company to begin operations to produce flashlight cells for civilian use. The plant will be able to turn out 250,000 cells each month and as soon as the green

light is given this output can be doubled.

The Cropp Engineering Company some time ago purchased the equipment of the Hipwell Manufacturing Company, of Northside, Pittsburgh and the machinery was moved to this city. Due to the fact that the WPB did not give its O. K. to the start of manufacturing the machinery has been in storage but it is now being moved into the building formerly occupied by the Warren Furniture Company and set up for immediate use.

As soon as the plant reaches a satisfactory rate of production the local company has agreed to start the production of Farm A-B Radio Packs which the government is anxious to have produced in large quantities. These are batteries for radios used and operated by batteries in rural localities.

The manufacture of batteries will be an entire new proposition for the Cropp Company and will afford employment to an additional group of men and women. It is distinctly a post war proposition and the production after the war will be larger than at present as with all restrictions off the demand for batteries of various kinds will grow by leaps and bounds.

It is anticipated that the same firm of engineers will be called in to conference that laid out the plans for the borough's sewage system. This has nearly all been completed, much of the work having been done with WPA labor. The plan for the handling of the sewage is most comprehensive and one interceptor sewer is built from the Ninth ward west to the Conewango creek down Lexington avenue; another interception carries sewage from the upper Conewango avenue to the same point. Still another interception comes down Market street and another carries sewage west from Hickory street to the West end.

A crossing of the Conewango and the Allegheny rivers at the foot of Market street near the confluence of the Allegheny river and Conewango creek is arranged with a pumping system to carry the sewage to the South Side where another interceptor will carry the sewage to the plant to be located on the Biddle property south of the Pennsylvania railroad. Another pump at the end of the west end interceptor will carry the sewage across the river to the disposal plant. With the exception of the connections to the pumping plants and the pump plants themselves the system is practically complete.

Construction of the disposal plant will be an expensive job and it is thought some Federal aid will be given to build it although the borough is in good financial condition and could possibly do the work with funds available. However if Federal aid is available, and most towns along the river expect to ask for Federal aid, Warren will seek it in order to allow other work to be carried on with the funds in hand. Paving of Warren streets of which there are 42 miles with only about 50% paved will afford an outlet for all funds the borough might have on hand.

Second "Pop" Concert to be
Played Here Friday Evening

The second of the three "Pop" concerts being presented by the local bands is scheduled for presentation at 7:00 p. m. Friday evening, July 28, on the lawn in front of the Municipal Building by the V. F. W. Band.

The program for this concert will appear in this paper Friday evening. However, it is understood that it will be one which will afford pleasant listening. While it will be a popular type program, it is expected to have in favor of numbers which everyone can enjoy it, it is expected to have a band in its concert last month. One or more specialty selections are expected.

In view of the large audience and enthusiastic reception of the first of these concerts last month, plans are under way to provide at least as many seats, and, if possible, more. A public address system will be provided to permit announcement of the numbers being played.

Even with these provisions, it

will be advisable to get there early to be sure of a good seat for the program, which is expected to last about an hour.

As previously announced regarding this series of concerts, they are entirely free, with no tickets, no passing the hat and no strings attached. The concerts are sponsored by the bands themselves, in the interests of providing additional entertainment during the summer evenings these days when gasoline is more needed overseas, causing many of us to be closer to home than usual for this time of the year.

It is hoped that the weather will be favorable so that these concerts may continue with a sufficiently large audience to justify their continuance as a regular feature of our summer time entertainment. Remember the date—Friday, Friday night, July 28, at 7:00 p. m. sharp; the place, the lawn in front of the Municipal Building; and hear the first concert given this summer by the V. F. W. Band.

Warren To Celebrate Fall
Of Germany and Japanese

Warren will let the eagle scream when Germany folds up and a spontaneous celebration augmented by a fireworks display, street dancing, music, etc. But when the Japanese bite the dust the whole cage of Eagles will be turned loose and a blow-out of major proportions will let go and make the welking ring. This was decided at a meeting of men of the city held Friday evening in the Moose Club. Another meeting will be held August 4. In the meantime the finance committee will canvas the city and the general committee will make plans.

The Chamber of Commerce some time ago appointed a special committee headed by James Blomquist to discuss and plan a celebration for Germany's fall and this committee summoned the Citizens Committee of the city to a joint meeting. This was held in the Moose building and 27 were in attendance.

"Wally" Petit presided at the gathering and Clare Berger acted as secretary for the gathering. There was much discussion of the kind and time of a celebration and Sec. Kottcamp of the Chamber of Commerce stated that other cities are planning for celebrations and that Warren should properly observe the fall of Germany. County Commissioner P. C. Ostergard spoke favoring the proposition and this idea was reflected by W. I. Walker, Forest Wait, President W. E. Yeager, of the Chamber of Commerce, Kay Davis, George Sarvis and others. Ed Hawley expressed the opinion that the first celebration should be a spontaneous one taking place within a few hours after the news is received.

Mr. Hawley suggested that the difference in time would undoubtedly bring the news of Germany's fall to Warren during the morning which would give ample time for local bands to be secured and a spontaneous celebration could

the committee is already securing the fireworks.

A finance committee composed of W. E. Yeager, George Geraci, P. C. Ostergard, Ralph Brasington and Walter Kiser was appointed and they are already at work having held a meeting immediately following the adjournment of the meeting at the Moose building.

A general committee to handle the entire celebration and direct it with Benj. Kinnear as chairman and the other members to be Nels Anderson, Ed Hawley, Howard Truesler, Wally Petit and Ed Lowrey. They will present plans and a report at the meeting August 4th.

It was reported that the Blue and White Restaurant invited the committee to use its basement at any time for committee meetings. It was unanimously decided by the men of the committee that no time should be lost in framing the celebration for Germany's fall which will be a purely local affair and that the plans to celebrate Japan's fall should be more elaborate and that it would attract huge crowds to the city.

MOTHERS: THE FLETCHER'S CASTORIA
NOW ON SALE
IS SAFEGUARDED THREE WAYS!

Look for the Serial Control Number on each bottle

EVERY BOTTLE of Fletcher's Castoria—now on sale at your drug-gist—bears a Serial Control Number.

This number is plainly visible through a "window" in the new package. It is your guarantee that Fletcher's Castoria is safeguarded by three different kinds of rigid tests... chemical, bacteriological, and biological.

Here's how you can easily identify the new package:

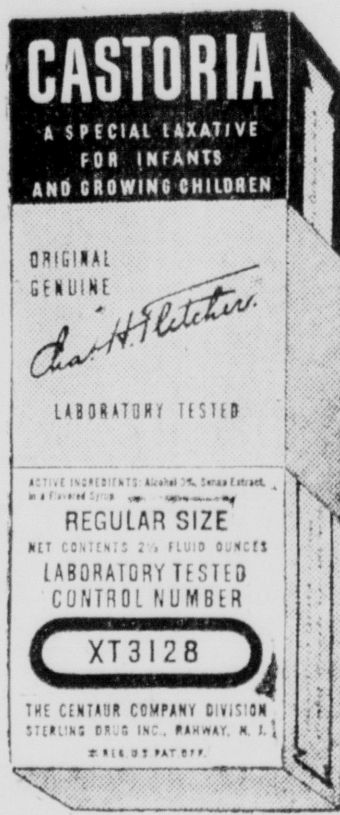

The Green Band... Around each package is a brilliant green band. This band quickly identifies the triple-tested Fletcher's Castoria now on sale.

The Serial Control Number... The Serial Control Number is on the bottle label. You can see it through a "window" in the outside carton.

We think that this visible evidence of quality and reliability... the Serial

Control Number on each bottle... will be welcomed by millions of mothers

who have long used Fletcher's Castoria as the ideal laxative for children.

And we think that millions of mothers will be glad to know that Fletcher's Castoria—the laxative made especially for children—is now on sale at their druggists.

For this is the original and genuine Fletcher's Castoria... the laxative that's mild and gentle, yet effective... the laxative that's pleasant-tasting, so you don't have to "force" your child to take it.

Ask for Fletcher's Castoria the next time your child needs a laxative.

Note: Until sufficient stocks can be made available, your druggist may not have enough Fletcher's Castoria on hand to meet all demands. If he happens to be out of stock when you ask for Fletcher's Castoria, please be patient. He will have it for you shortly.

Weekend With
No Excitement

Peace and quiet almost reigned over the weekend and not a single one of the guardians of the peace developed any high blood pressure by the course of events. There was little to stir the copper with the exception of a couple of arguments by married folk which the police had to settle. They advised the hiring of attorneys by the arguing parties who waxed loud. Some fellows who sought to steal some gasoline from parked cars were sent scurrying before the police arrived; one radio was tuned in too loud for the comfort of neighbors who didn't care for the program given; several dogs howled and yowled; and a fellow seeking a friend in an apartment building pounded around on various and sundry doors until the police set him right. One drunk who picked out a soft spot on the river bank for his slumbers was gathered in as the police were afraid he might develop nightmare and roll into the river. All in all it was a peaceful occasion.

County Man Attends Pope's
Audience Held In Rome

Mrs. Marcey Bednez, of Clarendon, has had a letter from her son, Sgt. Edmund J. Benz, with an infantry unit in Italy, which contains much of interest and tells in some details of his participation in an audience given by Pope Pius, XII. Excerpts read as follows:

"This has been the busiest period we had over seas and I do mean busy. We moved to a new location and I sure do miss the sea since we are no longer near it. However, we do have ample room, the most we have had in a long time. We are occupying buildings which are very modern and was at one time a military school. They were occupied by the Germans and it is quite evident that they left in a hurry, since there is quite a lot of their equipment left behind. However, they did take time to smash the bathtubs, sinks, toilets—all plumbing. The surrounding apartment houses are also recently built and very nice but the Nazis left them in terrible shape.

"As you know, Rome is now in the hands of the Allies. And I had the pleasure of spending an entire day in the Eternal City. Of course I went to the Vatican and spent half a day in St. Peter's Cathedral, which is very beautiful, and I do wish you could see it.

"Last but not least, I saw His Holiness, Pope Pius XII, at an audience held in the reception room above St. Peter's. I was very fortunate in being among the first and I had a very good spot without any obstructions whatsoever and very close to the throne. He entered from the rear, surrounded by cardinals and Swiss Guards and as he came down the long aisle, with soldiers on both sides, he blessed us with the sign of the

cross and also blessed any religious articles we had with him. "I was amazed at how lively he is. He is very pleasant, smiled and bowed as he came down the aisle to his throne. He sat down, spoke a few minutes in English and in French, since there were quite a few of all nationalities—British, American, French, Polish, and so on. After speaking, he got up and mingled with the people around the throne. The audience lasted about a half hour and I don't think I shall ever forget it. Before he came in, everything had to be just so and the fellows arranged in groups according to their nationality. We each got a rosary and a picture of the Pope as a gift from him.

"I saw many other things in Rome, the Colosseum, Mussolini's balcony, the prison of Peter and Paul, all kinds of memorials and so many things. One day is hardly enough to do the town properly. St. Peter's at the Vatican is the most wonderful of all. I wanted to see the Sistine Chapel, but unfortunately it was closed.

"Rome has street cars and I took a very short ride. Food is very scarce, in fact I didn't see a thing to eat, but the people look well fed and they dress just like Americans."

WOUNDED IN FRANCE

Mr. and Mrs. Sylvester Songer, of North Warren, have received word that their grandson, Capt. Francis E. Songer, has been wounded in action in France and evacuated to an army hospital in England. Writing home, the officer says: I picked up a piece of lead on the ninth and was hit again by shrapnel on the eleventh. Am in excellent shape now, expect that I have a piece of steel in my chest, just under the collar bone and close to the shoulder joint. I want to go back this week but these people have different ideas. Had rather a busy time in France while it lasted. But had the best hunting so far. The targets were numerous and easy to hit but sometimes rather hard to convince. Took a lot of pictures from the top of my tank on "that" morning as we were going in.

Paul Conway, of the U. S. Navy, is home on leave, after many months aboard ship in the South Pacific, where he has participated in plenty of combat action.

Burdett E. Jordan, son of Mr. and Mrs. Merrill Jordan, has been promoted to a First Lieutenant at Camp Ellis, Ipaiva, Ill. He is stationed there with the quartermasters Corps.

ARRIVE AT CAMP
According to word received today from Camp Wolters, Texas, several Warren men are in the group which has arrived there to start basic training as infantrymen. They are: John Schofield Barr, 16 1/2 Glade avenue; Tarry Ernest Hancock, Kinzua; William Joseph Germonito, 707 Pennsylvania avenue, east; Leon John Ferry, 515 West Fifth avenue; Howard Owen Flick, 6 Bradley street.

MILITARY ASPECT OF NAZI REVOLT

Hitler seems to have held his home-front fairly steady thus far in face of the rebellion by the Prussian high command, but we need feel no great disappointment over that since our main interest really lies in the military aspect of the situation—and things are coming our way fast.

Of course, it would be a matter of vast rejoicing if civilian Germany should bring a quick ending to the war by deserting the gangster whom British Prime Minister Churchill yesterday labeled with an appropriate name which the newspaper boys delicately euphemized into "boulder." However, the belief is widespread among statesmen and military men that we shall get a more lasting peace if we achieve it through a crushing defeat of Germany's armed might on the battlefield. We've had one experience of letting Prussian militarism save its skin by yelling "kamerad."

Whichever way you look at it, we have the satisfaction of knowing that, as Churchill told the troops in Normandy yesterday, "there are grave signs of weakness" in the Reich and the war "might come to an end earlier than we have a right to say." The enemy's "central power is crumbling."

Hitler's blood purge, which is reported to have liquidated some of the greatest of the Prussian high command, and a host of lesser officers who supported them, is doing a grand two-fold job for the Allies:

1. It's saving us the post-war trouble of removing these keystones of militarism from circulation permanently.
2. It's knocking out Germany's best military brains and thus is vastly simplifying our task of smashing the Reich's military machine in the field.

"E" BOND QUOTA LAGGING

Further emphasis to the article appearing on page one of this issue regarding the War Bond Drive in Warren county, is found in the following communication from R. H. McClintic, vice chairman of the Finance Committee of Pennsylvania, which needs no further comment:

TREASURY DEPARTMENT
for Pennsylvania

Oliver Building
Pittsburgh 22, Pennsylvania
Warren Times-Mirror
Warren, Pa.
July 20, 1944.

In ten days, the Fifth War Loan Drive will be a matter of history. Unless some immediate action is taken, the history will not be one about which we can be very proud. It is true that the overall quota has been exceeded, both nationally and in the Fort Pitt area. However, we have failed to achieve our "E" bond quota and, until we do, we are, in a great sense, breaking faith with our fighting men.

I appeal to you to bring to your readers the very urgent need of buying EXTRA bonds now, so that the great privilege that is ours will be accomplished and the quota oversubscribed. I appreciate all that you have done in the past in presenting the facts to your subscribers and I know the boys in your community will also be proud of your continued efforts.

Thanking you in advance for your cooperation in this important matter, I remain

Sincerely yours,
R. H. MCCLINTIC, Vice Chairman
War Finance Committee of Penna.

Probably Tojo wouldn't understand the purely American question of changing horses in midstream, which we are pondering this year. It's too democratic, in spite of all the Japs' aping of western customs. But when he called General Umezumi and Admiral Nomura in from the bullpen and put them into the game, it was clear that he had learned enough American baseball to now what to do when opposing batters started pounding him all over the lot.

An AAF sergeant stationed in London was seen running around gleefully snapping pictures of every pretty girl he saw. Someone asked him where he got the film. "I haven't any film," said the sergeant, "but it's a lot of fun anyway."—Readers' Digest.

Points will be needed for ham after August 1st. Too many, it seems, made a rush to stock up short weeks ago, and then the available supply began to diminish. That may also be the reason for the present shortage in favorite brands of cigarettes.

In accord with an order to remove all advertising signs within a certain distance of highways a number of signs in this section have been taken down.

Newt. Dailey, of Pleasant township is in town today with another consignment of fine strawberries for his customers. He has recently increased the acreage at his farm for fruits and berries and next year expects to harvest larger crops than this year.

Work on the new Baptist Temple will be started this summer. The offer made by A. J. Hazeltine to give dollar for dollar to the congregation has been reaffirmed by Mr. Hazeltine.

H. L. Schweizer, of Hemlock brought an egg to this office today that is a real egg. It weighs five ounces. Comparison with the weight of an ordinary egg shows it to be of huge size.

Dr. and Mrs. D. A. Smith and son, David have returned after spending a week in Boston. Dr. Smith was a delegate to the National convention of the BPOE and greatly enjoyed the affair.

In 1934

Sunday next will be Warren Day at Celoron and from all indications there will be an immense crowd out. Special arrangements have been made for the folks from Warren.

William Epstein who was in business in Sheffield for 40 years is back in Sheffield again and will once more open a store. He is busy assembling stock and his many old time customers will welcome his return.

Sheffield is suffering a water famine and notice is served that until there is a heavy rain there can be no more water be used for lawn sprinkling, car washing, etc.

Florence Kennett has opened her country place along the Warren-Jamestown road. Extensive improvements have been made and special lunches, etc., will be served.

About 80 Boy Scouts will break camp at Camp Olmstead where they have been for a week and will arrive home tomorrow night. About 350 boys have registered for the seasons camping.

DETAIL FOR TODAY

Crow

A CROW is the Navy or Coast Guard rating badge worn on the arm of an enlisted man who specializes in one particular trade. The red stripes under it are called CROW TRACKS. The foremost desire of most men is to be able to wear a CROW—and the more CROW TRACKS the better. Under each CROW is an insignia designating the type of work a man does. A yeoman has two crossed feathers, a boatswain's mate or coxswain, two crossed anchors, and so on. Civilians who are very curious about such things often ask an electrician's mate, who wears the insignia of a white globe under his CROW, whether he is a basketball player.

What It Means

By JAMES D. WHITE

WASHINGTON—Undersecretary of War Patterson said the other day that Anglo-American armies on the Norman beachhead were approaching a point where they would have four times the firepower the Germans have.

The German army is no amateur when it comes to massing firepower, but the truly remarkable thing about our fire superiority in Normandy is that it was brought in over flat beaches and across the English Channel.

Firepower Is Killing

"Firepower is the killing end of the business," added Patterson.

It's what enables you to shoot a German with your eight-shot automatic Garand rifle before he picks you off with his gun, which has less firepower. It enables you to blast out the enemy before he can throw enough to blast you out. Superior firepower can hold the enemy down from a distance and keep him from counterattacking and throwing you out on your neck.

From Saipan, AP correspondent Rembert James reported that American firepower reversed the historic military ratio of casualties on that bloody island. In the first 14 days of fighting the Americans buried 1,474 of their own dead, but buried 4,951 Japanese. This does not count a lot of dead the Japanese buried themselves to conceal their losses.

Subsequently in Washington, the Navy announced that at the close of all organized opposition on Saipan, American dead totalled 2,359 and the Japanese 11,498—a ratio of almost 5 to 1.

Captives Lose Spirit

Military thinkers traditionally have figured that an attacking force, striking a well-dug-in enemy, would suffer three times as many casualties as the defending force. On Saipan, American firepower was so great that the defending Japanese paid approximately 5 to 1 in casualties against the attacking and more exposed Americans.

Soldiers have no doubts about

what firepower means and recognize its implications instantly. Germans surrendering on the Norman battlefields may be cocky when they give up, but by the time they have marched to the rear through the acres of heavy stuff the Americans are bringing up, they often are despondent. They realize that Allied armies there have such firepower superiority that the German battle is hopeless. This reaction by surrendering Germans has been reported many times.

From Normandy, AP correspondent Don Whitehead reported that during a minute of the drive on St. Lo he tried to count the detonations of American heavy guns firing from his position. He said he gave up when the count reached 70, and the explosions were coming so fast they mingled.

Firepower includes everything that goes bang—rifles, grenades, mortars, big and little artillery, rockets and aerial bombs. The more you send the enemy the less he can hit back and the sooner he'll quit.

Big Guns Hub To Hub

But the big stuff is increasingly important in this war, as exemplified by the Russians who mass their artillery almost hub to hub for miles when they start a big drive.

This is why the War Department has ordered an increase of several hundred per cent in the production of heavy shells. The announced purpose is to provide unprecedented massed firepower for American forces in combat zones.

Another reason is that you can replace the tons and tons of shells fired on the enemy. You can't replace the men.

he speeds the work of war

War's at her fingertips. She puts through the calls that get things done. Sometimes when you're telephoning and the long distance lines are crowded, you will hear her say—"Please limit your call to 5 minutes." That helps everybody all along the line.

Of the attempt on Hitler's life, Churchill said with a grin: "They missed the old bouncer (rough approximation), but there's time yet."

Berlin was silent on the counter measures taken against the German officers whom Hitler said had planned to kill him.

Berlin itself was reported quiet, though one Ankara report said the capital was under a curfew.

By CHARLES S. FOLTZ

Madrid, July 23—(Delayed)—(AP)—The revolt of German generals, according to reports direct from Berlin, has given Adolf Hitler and Heinrich Himmler the opportunity to snatch what power German army leaders still held within the Reich. It also has enabled them to impose the last word in police terror rule upon Germany.

With the reopening of telephone communications between Berlin and Madrid it was learned that the SS (Elite Guard), the Gestapo, Hitler Youth and the whole Nazi homeguard of gunmen now stand in the last-ditch position planned long ago against the day when the German military machine showed signs of a crackup.

Superficially, Germany today was quiet with SS and Nazi-occupied units in apparently uncontested control, but the leadership of the internal opposition to the Nazis, except for a very few gaps created by the blood purge, has remained intact, the frontier account said.

These secret sources declared the only member of the "high committee opposition" caught was Col. Gen. Ludwig Beck, taken by accident after he had been warned of impending arrest, and that Himmler "doesn't even know who the members of the committee are."

ARRESTS CLEAR UP OIL CITY ROBBERIES

Oil City, July 24—(P)—Chief of Police J. W. Darnon said today that the arrest last week of five young men had cleared up at least 20 burglaries or attempted burglaries of grocery stores and filling stations in this area during the past month.

The five entered pleas before Alderman Morris Golstein today and were held in Venango county jail for court action next month.

The five are J. T. Swartz, 23, and Richard Bloom, 20, of Oil City; Fred Root, 21, Clintonville; Harold Anthony, 20, Climax (Clarion County), and a 16-year-old Rocky Grove youth.

CONGRESS MAY DELAY WORLD BANK ACTION

Bretton Woods, N. M., July 24—(P)—Congressional action on the proposed international monetary fund and world bank for reconstruction is likely to be delayed until the new congress meets next January, an informed source said today.

As the last of the delegates to the United Nations monetary conference departed from this White Mountain resort, it was pointed out that although quick action on the two plans is desirable it will be virtually impossible to bring the matter before the present congress this year.

Although congress is scheduled to reconvene late in August, the lawmakers are expected to be in recess most of the time because of the political campaign.

Chapter 13

LOUISE led her guests into the hallway and, in spite of close quarters, managed to get hats and scarves put away in the tiny space she had made in the closet. As she did so, she noticed that all the girls had felt the urge to dress up.

Louise felt a sudden pang of regret that she had not postponed her party. These girls were trying to look their best for her sake. They wanted to make Angel conscious of them as real people, to make a good impression. And it was all so useless! Louise was beginning to learn that Angel never saw a woman as a personality; that she looked straight through the woman to the man beyond.

It was almost three-quarters of an hour later that Angel "made an entrance." Steve Turcot had already arrived. He was a slim man and not very tall, but he carried himself like a drum-major, and the warmth of his smile was enough to draw everyone in the room into a laughing, intimate circle.

"I can see why he's so good at his job," Louise had a chance to whisper to Dick. "You can't help liking him right away."

Suddenly Dick looked up. The others followed his glance. Angel stood in the doorway.

She had chosen to wear a suit—a black suit that looked all the more tailored by contrast with the soft dresses of the other girls. The jacket buttoned high—only a tiny edge of white ruffle showed around the slender column of her throat. It was a costume that should have said, quietly, "I'm grieving. I want to stay in the background of this gay throng."

Instead, with Angel's sweetly wistful smile, and the glorious halo of her hair, the ensemble demanded attention—shouted her loss.

Louise jumped up quickly and drew her sister into the room. The girls eyed her warily, and Angel returned their greetings with a quiet sadness that made them seem over-effusive. It was obvious that every girl in the room felt uncomfortable and over-dressed. And there was no doubt of the way the men felt. Dick Stanley practically took possession and sat her carefully in the chair he had been occupying, as if she were too fragile to stand long.

"All this—and you sing too?" inquired Steve Turcot, ignoring Dick, and drawing his own chair close to Angel.

ANGEL spread her hands in a deprecating gesture. Louise noticed that she had taken off the bright red nail polish she habitually wore. Her nails were colorless, but polished to a smooth lustre.

"It isn't that I can sing so well," she said in the softly husky voice she used when she thought it worth while. "But if there is any little thing I can do—anything, at all—to cheer those who are working so hard for victory, I feel that I—I just must. . . ." She stopped, visibly overcome by her feelings. "And that's just what I didn't want to say," she said with a pretty show of annoyance at her own words. "Please—please go ahead with what you were talking about. It sounded so gay, so light-hearted. . . ."

Louise started talking quickly, afraid someone would notice the implied criticism in Angel's words. But the party did not go back to its former bright intimacy.

It did not even help to have Angel sing. Her voice, true and sweet, rang out in the melodic songs that Steve, who was accompanying her at the piano,

Hines Yields But Two Hits In Sensational Mound Duel At Irvine Sunday Afternoon

"Ole Dix" Hines pitched himself one of the best games of his career Sunday before a crowd of over 500 people at Wilder Field. Dormont came to Irvine stacked heavily, including some of the boys who appeared here with Honus Wagner's All-Stars, expecting to chalk up the second consecutive victory over the locals. They went away sadly disappointed, although they gave the Irvine crew a tough battle before they nosed out with a two to one victory in a classical exhibition that went thirteen innings.

Dormont opened the scoring in the third inning. McWilliams was safe on Natalie's error. Haines and Pape went out but Debnar singled to right, scoring McWilliams with the first and last run for the down-river crew. Davis singled in the fourth and this was the last hit of the game for the visitors. Hines pitched 9 and one-third hitless innings.

Forge threatened time and again but beautiful fielding plus

spot pitching by Hines kept the Forge from scoring and also had the fans in a frenzy throughout the blazing mound battle.

Forge scored in the fourth. Solok shook off his slump, doubling to left and scored on an error of McKinney's ground ball to Heyl. Dormont threatened in one or two of the late innings but smart and brilliant fielding by Emmie Morrison and Natalie, plus the unanny pitching of Hines stopped them at each critical moment.

Neither team could score in extra innings. In the twelfth Forge had the bases loaded but Haines forced Natalie to fly out. In the last of the thirteenth Solok flied to the pitcher's box. Fugal, one of the most outstanding first basemen to appear here this season chose to make the out, but fumbled the ball. McKinney laid down a bunt. Solok going to second. Gagliardi flied to short. Things looked bad again for Forge's scoring chances. Hines, who was pitching beautiful ball all afternoon, was next up. He had connected for two hits and a base on balls during the session. He was given the high sign for an intentional pass—but this proved bad strategy for the visitors. Petrowski celebrated "Petrowski Day" by getting a hit, loading the bases. Fans, who had witnessed one, if not the best game seen on Wilder Field in many seasons, were standing and yelling for the game to end with the next batter who happened to be J. Massa, brilliant centerfielder. He took the count to two balls and one strike, then rified the ball over the right field foul line and Solok scored the winning run. Joe Kos given a round of applause as was the entire team which had played an excellent brand of ball throughout the game.

Petrowski played a bang-up game at third. It was his last game as he will go back into service. Geigerich was outstanding in right field, as did the entire team in their positions.

Next Sunday Monessen, Gray, colored nine, playing under the banner of the Pittsburgh Steel and Wire Co., will furnish opposition to the Forge. This team is rated as one of the tougher nines in the entire Smoky City district. More information regarding this attraction will be printed later.

Thursday the Forge will play at Corry at six p. m. Saturday the team will play at Shantauqua at 2:45. A game has been booked with the Jamestown Vikings at the State Hospital with Wednesday as the tentative date. However, if any change is made it will be announced later.

McSpadden Wins At Salt Lake City

Salt Lake City, July 24—(P)—Harold (Jug) McSpadden of Philadelphia is the 1944 open champion and he owes it—in his own words—to a putter that he handled with a "mother's kiss."

McSpadden shot a record-shattering third-round 63 yesterday on the 6,375 yard par 72 Fort Douglas course, rated the toughest in Utah. The Jug won the \$2,500 tournament with a 271, two strokes under Byron Nelson of Toledo, Ohio, and another record.

At the end of 36 holes, Nelson had a 167-65-132 and McSpadden a 69-67-132. But Nelson's lead melted when McSpadden's putter ignited.

McSpadden's 63 was two strokes under the competitive course record of 65 set several years ago by Tee Branca, then home pro. His 271 total, 17 strokes under par for the 72 holes, was two under the Utah open record set in 1936 by George Schreiner of Salt Lake City at the Country Club.

On his record-smashing round, he tamed the first nine holes in 31, four under par. He returned in 32, five under.

Extra-Inning Game Is Won By Struthers

The first baseball game at Russell field in over a year, played Sunday afternoon between the Sylvania's of Emporium, and the Struthers Wells, proved a sizzler in more ways than one. The result was not decided until the last of the tenth inning when Rose connected for a base hit to score Swanson after he had connected for a bingle and stolen second. A good crowd witnessed the close and exciting game.

In a game played Saturday afternoon at Chautauqua the Struthers Wells, proved a sizzler in more ways than one. The result was not decided until the last of the tenth inning when Rose connected for a base hit to score Swanson after he had connected for a bingle and stolen second. A good crowd witnessed the close and exciting game.

State Hospital Game Is One-Sided Affair

The National Forge defeated James City by a 16-6 score Friday night at the State Hospital Field. The game regularly booked for the evening had been cancelled, and rather than disappoint the patients and attendants at the institution on their weekly game, Forge agreed to furnish the opposition. It had been announced that Forge will play weekly at State Hospital for every other week. Rosequist, with five for five, was the big noise for the locals. Morrison and McKinney each had three hits. Petrowski, J. Massa and Hines each had two. The box score:

Rookie Helps Keep Orioles In the Running

Baltimore, July 24—(P)—Baltimore's high-flying Orioles, battling for their first International League pennant in 19 years, can thank a hard-working 19-year-old 4-F Roidie Arkansas catcher for a lot of the stuff that is feathering the Bird's nest.

He is Sherm Lollar, one of the finest major league backstop prospects in the minors, and a youngster that many big time scouts are writing home about.

The Fayetteville, Ark., lad never played professional ball until he came here late in 1943 to catch 12 games with the Birds, almost single-handedly clinched Baltimore's victory over Toronto yesterday when he rifled down line-drive home runs into the left field stands. He cloaked two in each game, his final blast coming with two aboard in the nightcap.

But Lollar's value isn't so much in stickwork—his average is only .245—as in steady, dependable work behind the plate.

League-leading Baltimore has played 90 games to date, and the kid has caught 81, doubleheaders and all, which is workhorse receiving in any league.

Two Will Vie For Title At CVCC Sunday

Only two golfers remained in the first flight of the Coneywag Country Club championship play today with Tim Creal remaining the immovable force and only one man left to take a crack at his title.

Creal froze out Art Johnson over the 18-hole route Saturday, defeating him 8-7 and will face Bill Rice in the 36-hole final next Saturday.

In the consolation event, a fast-moving match between Todd Higgins and Gil Howell was in the spotlight with Higgins emerging 1-up after leading by a good margin throughout, then dropping off toward the end, but recovering in time to win.

The Lockport Cubs split the days after double hit with the Olean Oilers. Lockport won the opener 4-2 but in the second game Olean staged a comeback which netted 15 hits and 10 runs for a 10-1 victory.

Wellsville trounced the Erie Sailors 10-6 after overcoming a two-run lead which Erie gained in the first inning. Neither team scored a tally after the sixth.

Playing errorless ball for nine innings the Batavia Clippers eked out a 7-6 win over the cellar dwelling Bradford Bluewings.

Today's games: Batavia at Wellsville, Olean at Jamestown, Erie at Bradford, Hornell at Lockport (2).

Is it ever wise to **BORROW?**

NO one should borrow unnecessarily, but there are times when a loan is the best solution to a money problem. Thousands of letters in our files tell of the many worth-while things made possible by a Personal loan. If you need extra cash, perhaps a Personal loan would be to your advantage too.

Personal makes loans promptly, and privately, without involving outsiders. Sensible monthly payments are arranged and the cost is surprisingly low. For example: \$30 for 2 weeks costs less than 53¢. Getting a loan at Personal is as simple as opening a charge account. Come in, phone or write us today.

Following this service the congregation proceeded to a nearby stream where the following were baptized by immersion, George Robert Parsons, Mrs. George Robert Parsons, Mrs. Edna Catanese, Ralph, Mary and Joseph Parsons.

About ninety adults and children enjoyed the Sunday school picnic held at Allen Park in Jamestown Wednesday. Although the weather was threatening rain in the morning, the day turned out nice to the joy of all the children. A delicious picnic dinner was served in the pavilion followed by the usual treat of ice cream and cake. Children were all busy with swin slides and other playground equipment. Some enjoyed swimming in the pool. A baseball game was so played with teams captained by Dorothy Nelson and Marion Miley. Dorothy Nelson's team won with a score of 21-22. In the afternoon they departed for the home all tired but happy. Dinner was served under the direction of Mrs. Hazel Kays and Mrs. Arl Miley.

Week-end guests of Mr. and Mrs. Ray Marsh were Mr. and Mrs. Harry Lee Valley of Olean.

As we pray for Their Safety

Let us send Our Dollars to *FIGHT* with them

Pray for them, America.

Pray for their safety in this fateful hour. Pray for Victory in their bitter, bloody fight for freedom. Pray for their return to us as soon as may be.

A long, hard road lies ahead. There will be many a desperate, heart-breaking day before they reach the end of that road. And many a white cross will mark its course through the tortured battlefields of Europe.

Would that we could do something to help our gallant fighting men in their hour of need! Would that we could do something to express the gratitude in our hearts for the sacrifices they are making for us.

Do something? We can do something. Each and every one of us, right now, can join the fight by purchasing extra War Bonds. Let us show our loved ones over there that we are

with them heart and soul. Let them know that we are backing them to the limit — to our last dollar.

Yes, to our last dollar. No matter what sacrifices we have to make, let us all invest in War Bonds now — more and more War Bonds — until we have poured out the might of America in overwhelming measure. Now, as never before, your country looks to you.

CONQUEST OF MARIANA ISLANDS EXTENDED

American Forces Closing in to Cut Off Guam's Harbor

Adm. Chester Nimitz Discloses Landings on Tinian South of Conquered Saipan Following Blasting By Planes and Guns

FIVE MILES OF COASTLINE ARE ISOLATED

By J. B. KRUEGER
Associated Press War Editor
American marines and infantrymen today were rapidly finishing Japan's 25-year-long domination in the Marianas, keystones of Nippon's oceanic defenses.

Tinian was invaded Sunday and to the south on Guam other U. S. fighting men closed in from two beachheads to cut off Guam's fine Apra harbor and an airfield. Admiral Chester Nimitz disclosed the Tinian landings only a few hours after they started, reporting light ground opposition against the first waves of troops.

Tinian is three miles south of conquered Saipan and from the latter has been steadily blasted by planes and artillery. With this preparation, elements of the second and fourth marine divisions moved in at dawn Sunday. Fleet-borne and land planes and guns backed them up.

Four day earlier Nimitz' amphibious forces invaded Guam, largest of the Marianas. By Sunday they had taken five miles of western coastline, isolated Apra harbor—one of the Pacific's best—and cut off an airfield on Orote Peninsula, which forms Apra's southern side.

To the south Agat village and Mt. Alifan overlooking the harbor fell to the first marine provisional brigade and the 7th army division. Then they swung north toward Orote Peninsula for a junction with the northern force. Enemy opposition, compared to that on bloody Saipan, was light (Turn to Page Seven)

Forces Maneuver For Major Battle on the Normandy Front

By GLADWIN HILL
Supreme Headquarters Allied Expeditionary Force, July 24—(P)—The Allies were massing their forces today for new drives to break out of the Normandy beachhead and only two engagements were reported all along the 100-mile front.

Eight miles east of Caen British Tommies pushed into the western edge of Troarn, ran into stiff resistance and fell back to the railway station just west of this gateway to the great port of Le Havre.

The salient which Lt. Gen. Omar N. Bradley's forces drove across the Little Dives river toward the German stronghold of Periers last Saturday was shoved back to the north bank by a German counter-attack yesterday, and the village of Severs was lost. Supreme headquarters announced, however, that American defensive positions were intact.

Before the German counter-attack the American had pushed to within two miles of Periers.

South and slightly west of Caen, British troops in sharp local engagements took important ground west of the newly-retrieved town of Maltot and captured a woods 600 yards south of Etivaux.

Emberville, five miles east of Caen, was wrested from the Germans yesterday. The Nazis had been directing heavy fire from this town against Allied tanks thrusting down the road toward Paris. Allied staff officers estimated that the Normandy fighting had cost the Germans 156,000 soldiers, including more than 60,000 prisoners.

Of the 60,958 prisoners taken so far, the Americans captured 5,549. In addition, the Americans said they had buried 8,094 Germans.

CHAMBERSBURG MAN MISTAKEN FOR GANE

Chambersburg, July 24—(P)—Patrolman Paul T. Duda of the state police reported today that Daniel S. Stoner, 54, of Chambersburg was being held for questioning in the death of 16-year-old Herbert Brown, also of Chambersburg, who was shot in the head while out hunting Saturday.

A joint investigation into young Brown's death was conducted by state police and Game Warden James Crist, after Ruda said that Stoner told him he saw the boy's dead appear above some rocks, mistook it for a groundhog, and fired.

RELIEF ROLES DOWN

Harrisburg, July 24—(P)—A new low for relief expenditures in Pennsylvania was established during June when the department of public assistance only paid out \$4,498,000, as compared to \$12,550,000 during the peak month of August, 1939. The state now has 315,228 persons on relief rolls.

Hitler Presses Purge to Quell Revolt

KIEL BLASTED BY FLEET OF RAF BOMBERS

Destruction is Rained on Giant Naval Base at Rate of 150 Tons Per Minute

BERLIN VISITED AGAIN

London, July 24—(P)—A maximum of 500 U. S. heavy bombers attacked German airdromes, harbors and other objectives today in southern France, northern Italy and Yugoslavia.

A great fleet of British bombers cast 2,800 tons of explosives on the great naval base of Kiel before dawn and Allied planes from Italy bombed the Romanian capital of Bucharest.

British heavy bombers attacked flying bomb installations in northern France for the third time in about a day's span. This was the only daylight operation reported from England up to late afternoon. Weather worsened over Normandy with only a few small breaks in the virtually complete overcast.

By VICTOR BEALMEER
London, July 24—(P)—A great fleet of RAF bombers unloaded well over 2,800 tons of high explosives on the German naval base of Kiel last night as Allied warplanes pounded Europe from the Baltic to Bucharest.

The German radio said heavy attacks against the Reich were developing again today.

The Germans reported enemy fighter formations over southwest Germany and Bavaria, suggesting that Allied planes from Italy might be joining in the attack.

Five separate bomber forces were sent out from Britain last night by the RAF. The largest raining destruction on Kiel at the rate of 150 tons of bombs per minute.

Other heavyweights bombed two large oil storage depots at a rate of 150 tons of bombs per minute. The increased ration value, effective yesterday, does not affect farm and processed butter. They continue at eight and four red points a pound, respectively. Consumption of creamery butter, OPA said, has been running 30 percent over the July allocation of 100,000,000 pounds.

OPA also set price ceilings under which most wartime-produced goods now on the market will retail for ten to fifteen cents a fifth lower than prevailing prices. Domestic vodka will cost about 35 cents less. The schedule will be made effective soon.

Post - Humous Award Given Hero's Mother

Finleyville, July 24—(P)—Quietly sobbing, Mrs. William J. Mathies stood before a palm-decked altar in the little Presbyterian church here and accepted the congressional Medal of Honor for a hero—her son, who lies in a grave in England.

As Maj. Gen. Howard A. Craig, assistant chief of the Army Air Forces staff, placed the blue-ribboned decoration around the neck of the mother of Sgt. Albert Mathies, he quietly said:

"For conspicuous gallantry and intrepidity at risk of life, above and beyond the call of duty."

The hundreds of relatives and friends who overflowed the tiny brick church heard the Rev. Arthur L. South, pastor, describe his former aide Sunday school worker as "a real boy who liked good, wholesome fun."

But the army officers who came here from Washington to witness the award recalled how the 26-year-old air force gunner was killed somewhere in England last Feb. 29 when he tried—heroically, without flying experience—to land a shell-riddled flying fortress to save a wounded pilot.

Associated Press Bulletins

London, July 24—(P)—A broadcast dispatch by DNE. German news agency, said today that Yang Ma Olin, first corps commander in the second Nanking army, had been shot to death by "terrorists" on the streets of Japanese-held Nanking.

London, July 24—(P)—The Berlin radio said today that Allied bombers had raided Bucharest during the night.

New York, July 24—(P)—The Stork Club, Copacabana and La Vie Parisienne, three of New York's swankiest night spots, face possible forced sale of their assets unless they pay a total of \$231,018 which Mayor F. H. La Guardia says they owe the city in back sales and business taxes.

London, July 24—(P)—Berlin announced today that Col. Gen. Guenther Korten, chief of the German air force general staff, had died of injuries suffered in last Thursday's explosion at Hitler's headquarters.

London, July 24—(P)—The "Hitler salute" has been introduced in the German armored forces, the German radio said today.

Rome, July 24—(P)—Four thousand Jews and many ranking military authorities participated in the first Jewish Thanksgiving service in captured Rome. The service was in the grand synagogue on the banks of the Tiber.

Ration Points For Creamery Butter Hiked to 16 Today

Washington, July 24—(P)—Housewives pay four more ration points for each pound of creamery butter today, to meet a new ration value of 16 points set by the Office of Price Administration because of increased civilian consumption.

The increased ration value, effective yesterday, does not affect farm and processed butter. They continue at eight and four red points a pound, respectively. Consumption of creamery butter, OPA said, has been running 30 percent over the July allocation of 100,000,000 pounds.

OPA also set price ceilings under which most wartime-produced goods now on the market will retail for ten to fifteen cents a fifth lower than prevailing prices. Domestic vodka will cost about 35 cents less. The schedule will be made effective soon.

Regulations For New Oil Subsidy Plan

Washington, July 24—(P)—Producers will have no additional form-filling to worry them as a result of premium prices to be paid for crude oil produced in small-yield fields.

This was emphasized by the Office of Price Administration today in explaining it was preparing forms to be sent to purchasers affected by the plan starting August 1.

The increase, ranging from 20 to 75 cents a barrel, was approved July 6, by the Office of Economic Stabilization, to encourage production in low-yield fields.

The \$50,000,000 annual cost of the subsidy plan will be defrayed by the Reconstruction Finance Corporation through the defense Plant Corporation which will reimburse purchasers for premium prices paid to producers.

Prices will be spelled out in terms of existing ceilings, plus the premium, for each pool.

To prevent purchasers from receiving the benefit of the premium without passing the increase on to the producer, each purchaser applying for compensation from the DPC will be required to fill out a form certifying that the premium was paid to the producer.

Purchasers who do not make such certification will not be eligible for reimbursement. Producers will not be required to fill any forms.

ANOTHER CIRCUS FATALITY

Hartford, Conn., July 24—(P)—The death toll in the Ringling Brothers-Barnum and Bailey circus fire disaster here July 6 rose to 164 today when Miss Grace Clark, 48, of Hartford, whose 81-year-old parents also perished in the "big top" blaze, succumbed of burns. Six persons remain missing since the catastrophe.

RUSSIANS ARE BUT 50 MILES FROM WARSAW

German Radio Acknowledges Troops Are Abandoning Siedlce and Jaraslaw

RETREAT IS GENERAL

London, July 24—(P)—The German radio acknowledged today that Russian troops had plunged to within 50 miles of Warsaw, with Nazi troops abandoning Siedlce and Jaraslaw.

Siedlce is 50 miles due east of the Polish capital. It lies 365 air-line miles from Berlin, by far the closest Allied approach to that bomb-ridden capital of Nazidom.

The Nazi communique said Lawow (Pop.: 317,000 and third Polish city) and Lublin (119,900 and tenth Polish city) had become battlegrounds.

The enemy reported advance to Siedlce marked a 20 mile advance since midnight. The city is about midway between Warsaw and Brest Litovsk and lies on the main trunk rail line from Moscow to Warsaw to Berlin.

The German reference to a Russian advance reaching a line from Siedlce to Jaraslaw pointed to a general retreat along a 150-mile front across the center of Poland.

The enemy apparently was being swept along with no signs of stop by swift Red forces that left Lawow and Brest Litovsk bypassed more than 60 miles behind advanced Russian columns. The Germans appeared to have doomed the garrisons to miniature Stalingrads.

Elsewhere on the 950 mile rolling front, the Germans reported (Turn to Page Five)

GLIDER PILOT KILLED FLYING PRIVATE PLANE

Leechburg, July 24—(P)—An army glider pilot home on leave died of injuries suffered when a private plane he was flying crashed on a farm near here yesterday.

He was identified by the Army Transport Command as Flight Officer William M. Staymates, of Tower Creek.

Charles Bellon, of Pittsford, a passenger, suffered lacerations and abrasions.

The plane's propeller fell apart in flight, the ATC said, causing the ship to go into an uncontrollable flat spin.

On the Beachhead—But Far to Go

Warren county has to go a million dollars yet in the Fifth War Loan!

Let's not comfort ourselves by juggling figures. We've just made a good start. Figuratively, we're just established on the Normandy coast, and it's a long way to Berlin! Warren county has NOT reached its quota for individuals in the Fifth War Loan.

True, 101 corporation subscriptions have overreached their quota by 181%. They have established a good beachhead. But individuals have subscribed only 47% of their quota. The good old infantry and artillery have to continue the attack!

We can fool ourselves by adding up the two totals and reach a grand total for Warren county that is 113% of the county's total goal. But the Warren County War Finance Committee is not kidding itself or trying to mislead the public.

They know that the corporations have done a fine job. But they know that the government wants the subscriptions of INDIVIDUALS for long-term bonds—to the limit that every individual can spare from his income, or invest from idle money or extra savings. Our solicitors and our pay-roll workers have done well—over 14,000 sales have been made—but more and larger subscriptions are needed.

If everyone did his very best in buying Series "E", Series "F", or Series "G" bonds between now and July 31, we could reach our individual quota here in Warren county. And for individuals who can use Tax Savings notes, there is no better plan to help both themselves and the county quota.

Maybe some war bond committees want to throw their hats in the air and yell, "Hooray, we're over the top!" just because the corporations are oversubscribed. We're not doing that here.

Eisenhower didn't stop when Cherbourg fell and say, "Well, we've licked 'em; let's go home." He's heading for the supreme goal, Berlin!

Let the 4,000 Warren county men and women in service know that their home county is realistically, honestly supporting them to the uttermost.

There are just five more days to do this in the Fifth War Loan Campaign.

The coupon below is for YOUR convenience.

New Restrictions on Collapsible Boxes

Washington, July 24—(P)—Taking the frills away from folding or collapsible boxes is expected to save 73,000 tons of boxboard a year, the War Production Board said in issuing new restrictions today.

The new order requires that such containers be made "without unnecessary decorations and other features, yet assuring good serviceable packing," WPB explained.

Among types of containers affected are boxes for laundry, tobacco, candy, cereal, crackers, toys, games, butter, pails for ice cream and foods, and display.

Dewey Plans A Conference With Bricker

By WILLIAM W. TYLER

Albany, N. Y., July 24—(P)—Governor Thomas E. Dewey of New York and his running mate, Governor John W. Bricker of Ohio will blueprint to some extent Wednesday the campaigning responsibilities of each in their joint drive to unseat a 12-year Democratic national administration.

Accompanied by Mrs. Bricker and coming to Albany for his first huddle with the presidential nominee since leaving Chicago last month, the GOP vice presidential candidate will arrive Wednesday morning and be guest at the executive mansion. The Brickers will visit national committee headquarters in New York City Thursday.

Returning to Albany today after a week-end at his farm near Pawling, the governor continued work on the program and material to be discussed at the conference of Republican governors in St. Louis, August 2 and 3.

Dewey will spend next week-end at Pawling and leave New York City Sunday night for St. Louis. He will stop in Pittsburgh the next day to confer on reconversion of industry to a peace time basis with labor, industrial and business leaders.

100,000 SPECTATORS SEE PLANES COLLIDE

Spokane, Wash., July 24—(P)—A crowd of 100,000 people, too stunned to make outcry, watched two attack bombers collide yesterday during an air show and fall in flames, killing four men.

The ships, the army counterpart of the navy's helldivers, were part of the Spokane Air Service Command "stay-on-the-job" war show. The show, billed as the biggest thing of its kind ever staged, went on after a delay.

BOND SALE REPORT

Pittsburgh, July 24—(P)—Sales of all types of bonds in the Fifth War Loan drive in the 19-county Fort Pitt area have reached \$362,027,300, or 108 per cent of the quota, the W - Finance Committee reported today. Individual and "E" bond purchases remain far below standard. Individual purchases total \$108,576,300, or 78 per cent and "E" bonds \$232,200 or 68 percent, the committee said.

SIXTH CRASH VICTIM

Topeka, Kans., July 24—(P)—Corp. Harold L. Stanley died yesterday in Jamestown, N. Y., general Hospital, the sixth fatality from a bomber crash near Blackville, N. Y., July 15. Lt. Col. Sig. R. Young, commanding officer of Topeka Army Air Field, announced today. Stanley was the son of William M. Stanley of Martinsburg, W. V.

No Early Change On Draft Policies

Washington, July 24—(P)—Most selective service likely can be filled from the manpower pool under 26 years, the house military affairs committee believes.

The committee reported it expects continuation of present draft induction and deferment policies. In a summary prepared for the group by Col. Francis V. Keessling, Jr., the national military manpower pool of registrants, aged 18 through 37, was placed at 22,212,000 as of July 1. About 10,251,000 of these were members or former members of the armed forces.

Navy Secretary Forrestal meanwhile estimated that an additional 194,000 enlisted men will be needed by the navy before December 31 and another 189,000 may be required by next June 30. Most of the men will be obtained through selective service.

NAZIS STILL IN CONTROL OF SITUATION

No Concrete Evidence in London as Yet of Any Disaffection Among German Troops

COMMANDERS OUSTED

By the Associated Press

London, July 24—Two German generals, one chief of the air force general staff, have died of injuries from the Thursday bomb-blast aimed at Hitler's life. Berlin radio announced today.

Gestapo squads meanwhile were reported carrying forward a vast blood purge to what Prime Minister Winston Churchill termed a revolution in Germany.

Another Berlin broadcast declared the "Hitler Salute" had been introduced in place of the army salute in the German armed forces—apparently as another step to assure loyalty of the troops to Hitler and Nazidom.

While German army morale appeared badly shaken, there was no concrete evidence yet of any disaffection in the front lines. The Nazis clearly were still in firm control of the army and of Germany itself.

Reports from France pictured Adolf Hitler's purge of rebellious army officers as having spread to the fighting fronts in Germany, France and possibly Italy. These reports said eight eastern front commanders were arrested or ousted, and that gestapo agents had arrested and possibly executed German divisional leaders in France and seized Field Marshal Kesselring, the German army commander in Italy. One report said Gen. Johannes Blaskowitz of the Bordeaux sector in France had ordered his troops on Monday to prepare for emergencies, but that he later cancelled the order on learning the attempt on Hitler's life had failed. Blaskowitz since has been absent from his headquarters, it was added.

Churchill, now back in Britain after a three-day tour of the Normandy front, gave the first official Allied word on the crisis in Germany. While visiting an RAF flying field in France yesterday, Churchill declared that there were "grave signs of weakness" in Germany. He predicted that the war "might come to an end earlier than we have a right to say."

Declaring the Germans were not happy on the fighting fronts, Mr. Churchill remarked:

"And now, suddenly boiling up in their stomachs, has come a deadly quarrel at home. It is not a nice thing for a man to hear of a revolution going on in his own (From Page Five)

Control Tightens Over Aviation Gas

Washington, July 24—(P)—Control of high-octane aviation gasoline and its components has been tightened by the petroleum Administration for War and the Aviation Petroleum Products Control Allocation committee with "Directive 77," effective July 24. Deputy Petroleum Administrator Ralph K. Davies announced today.

The new order makes it possible for PAW to rewrite its directive to meet current needs by incorporating and old recommendation made three months before Pearl Harbor, and a recommendation issued only three days after Pearl Harbor, PAW said. These recommendations in effect called on refiners to concentrate on manufacture and blending of high octane aviation gasoline.

NEW TYPE OF FLYING BOMBS ARE REPORTED

London, July 24—(P)—As the robot attacks on Britain continued for the 40th day, military experts today expressed belief that the Germans were using a number of new flying bomb bases, including some in Belgium.

London, as well as areas in the southern counties, suffered casualties and damage during the night, when the Nazi sent a fairly large number of the flying bombs hurtling across the channel.

It was disclosed, meanwhile, that more than 100,000 mothers and babies and 82,000 school children have been evacuated from London under government auspices.

Committee
Named For
Conference

President Forest Waite has named a committee from the Borough to confer with engineers relative to the construction of the sewage disposal plant for the city. The Sanitary Water Board is insistent that the plant plans be put in such shape that work can be undertaken immediately after the end of the war so that the city can be secured. The committee will be composed of Burgess R. W. Steber, City Solicitor; Sidney Blackman, Borough Engineer; C. W. Barwis, Delbert Lewis and President of Council Forest Waite. They will arrange for a meeting with engineers relative to the preparation of plans.

It is anticipated that the same firm of engineers will be called in to conference that laid out the plans for the borough's sewage system. This has nearly all been completed, much of the work having been done with WPA labor. The plan for the handling of the sewage is most comprehensive and one interceptor sewer is built from the Ninth ward west to the Conewango creek down Lexington avenue; another interception carries sewage from the upper Conewango avenue to the same point. Still another interception comes down Market street and another carries sewage west from Hickory street to the West end.

A crossing of the Conewango and the Allegheny rivers at the foot of Market street near the confluence of the Allegheny river and Conewango creek is arranged with a pumping system to carry the sewage to the South Side where another interceptor will carry the sewage to the plant to be located on the Biddle property south of the Pennsylvania railroad. Another pump at the end of the west end interceptor will carry the sewage across the river to the disposal plant. With the exception of the connections to the pumping plants and the pump plants themselves the system is practically complete.

Construction of the disposal plant will be an expensive job and it is thought some Federal aid will be given to build it although the borough is in good financial condition and could possibly do the work with funds available. However if Federal aid is available, and most towns along the river expect to ask for Federal aid, Warren will seek it in order to allow other work to be carried on with the funds in hand. Paving of Warren streets of which there are 42 miles with only about 50% paved will afford an outlet for all funds the borough might have on hand.

Second "Pop" Concert to be
Played Here Friday Evening

The second of the three "Pop" concerts being presented by the local bands is scheduled for presentation at 7:00 p. m. Friday evening, July 28, on the lawn in front of the Municipal Building by the V. F. W. Band.

The program for this concert will appear in this paper Friday evening. However, it is understood that it will be one which will afford pleasant listening. While it will be a popular type program, it is expected to have in favor of numbers which everyone can enjoy it, it is expected to have a band in its concert last month. One or more specialty selections are expected.

In view of the large audience and enthusiastic reception of the first of these concerts last month, plans are under way to provide at least as many seats, and, if possible, more. A public address system will be provided to permit announcement of the numbers being played.

Even with these provisions, it

will be advisable to get there early to be sure of a good seat for the program, which is expected to last about an hour.

As previously announced regarding this series of concerts, they are entirely free, with no tickets, no passing the hat and no strings attached. The concerts are sponsored by the bands themselves, in the interests of providing additional entertainment during the summer evenings these days when gasoline is more needed overseas, causing many of us to be closer to home than usual for this time of the year.

It is hoped that the weather will be favorable so that these concerts may continue with a sufficiently large audience to justify their continuance as a regular feature of our summer time entertainment.

Remember the date—Friday, Friday night, July 28, at 7:00 p. m. sharp, the place, the lawn in front of the Municipal Building; and hear the first concert given this summer by the V. F. W. Band.

Warren to Celebrate Fall
Of Germany and Japanese

Warren will let the eagle scream when Germany folds up and a spontaneous celebration augmented by a fireworks display, street dancing, music, etc. But when the Japanese bite the dust the whole cage of Eagles will be turned loose and a blow-out of major proportions will let go and make the welking ring. This was decided at a meeting of men of the city held Friday evening in the Moose Club. Another meeting will be held August 4. In the meantime the finance committee will canvas the city and the general committee will make plans.

The Chamber of Commerce some time ago appointed a special committee headed by James Blomquist to discuss and plan a celebration for Germany's fall and this committee summoned the Citizens Committee of the city to a joint meeting. This was held in the Moose building and 27 were in attendance.

"Wally" Petit presided at the gathering and Clare Berger acted as secretary for the gathering. There was much discussion of the kind and time of a celebration and Sec. Kottcamp of the Chamber of Commerce stated that other cities are planning for celebrations and that Warren should properly observe the fall of Germany. County Commissioner P. C. Oestergard spoke favoring the proposition and this idea was reflected by W. I. Walker, Forest Wait, President W. E. Yeager, of the Chamber of Commerce, Kay Davis, George Sarvis and others. Ed Hawley expressed the opinion that the first celebration should be a spontaneous one taking place within a few hours after the news is received.

Mr. Hawley suggested that the difference in time would undoubtedly bring the news of Germany's fall to Warren during the morning which would give ample time for local bands to be secured and a spontaneous celebration could

the committee is already securing the fireworks.

A finance committee composed of W. E. Yeager, George Geraci, W. L. Kinney, Ralph Braxington and Walter Kiser was appointed and they are already at work having held a meeting immediately following the adjournment of the meeting at the Moose building.

A general committee to handle the entire celebration and direct it with Benj. Kinner as chair, the sub-committees were also named and the other members to be Neils Anderson, Ed Hawley, Howard Truster, Wally Petit and Ed C. Lowrey. They will present plans and a report at the meeting August 4th.

It was reported that the Blue and White Restaurant invited the committee to use its basement at any time for committee meetings. It was unanimously decided by the men of the committee that no time should be lost in framing the exception of a couple of arguments which will be a purely local affair and that the plans to celebrate Japan's fall should be more elaborate and that it would attract huge crowds to the city.

who have long used Fletcher's Castoria as the ideal laxative for children.

And we think that millions of mothers will be glad to know that Fletcher's Castoria—the laxative made especially for children—is now on sale at their drugists'.

For this is the original and genuine Fletcher's Castoria... the laxative that's mild and gentle, yet effective... the laxative that's pleasant-tasting, so you don't have to "force" your child to take it.

Ask for Fletcher's Castoria the next time your child needs a laxative.

Note: Until sufficient stocks can be made available, your drugist may not have enough Fletcher's Castoria on hand to meet all demands. If he happens to be out of stock when you ask for Fletcher's Castoria, please be patient. He will have it for you shortly.

Coppers Has
Weekend With
No Excitement

Peace and quiet almost reigned over the weekend and not a single one of the guardians of the peace developed any high blood pressure by the course of events. There was little to stir the copper with the exception of a couple of arguments by married folk which the police had to settle. They advised the hiring of attorneys by the arguing parties who waxed loud. Some fellows who sought to steal some gasoline from parked cars were sent scurrying before the police arrived; one radio was tuned in too loud for the comfort of neighbors who didn't care for the program given; several dogs howled and yowled; and a fellow seeking a friend in an apartment building pounded around on various and sundry doors until the police set him right. One drunk who picked out a soft spot on the river bank for his slumbers was gathered in by the police who afraid he might develop nightmare and roll into the river.

All in all it was a peaceful occasion.

County Man Attends Pope's
Audience Held In Rome

Mrs. Marcey Bednez, of Clarendon, has had a letter from her son, Sgt. Edmund J. Bednez, with an infantry unit in Italy, which contains much of interest and tells in some details of his participation in an audience given by Pope Pius XII. Excerpts read as follows:

"This has been the busiest period we had over seas and I do mean busy. We moved to a new location and I sure do miss the sea since we are no longer near it. However, we do have ample room, the most we have had in a long time. We are occupying buildings which are very modern and was at one time a military school. They were occupied by the Germans and it is quite evident that they left in a hurry, since there is quite a lot of their equipment left behind. However, they did take time to smash the bathtubs, sinks, toilets—all plumbing. The surrounding apartment houses are also recently built and very nice but the Nazis left them in terrible shape.

"As you know, Rome is now in the hands of the Allies. And I had the pleasure of spending an entire day in the Eternal City. Of course I went to the Vatican and spent half a day in St. Peter's Cathedral, which is very beautiful, and I do wish you could see it.

"Last but not least, I saw His Holiness, Pope Pius XII, at an audience held in the reception room above St. Peter's. I was very fortunate in being among the first and I had a very good spot without any obstructions whatsoever and very close to the throne. He entered from the rear, surrounded by cardinals and Swiss Guards and as he came down the aisle, we soldiers on both sides, he blessed us with the sign of the cross and also blessed any religious articles we had with us.

"I was amazed at how lively he is. He is very pleasant, smiled and bowed as he came down the aisle to his throne. He sat down, spoke a few minutes in English and in French, since there were quite a few of all nationalities—British, American, French, Polish, and so on. After speaking, he got up and mingled with the people around the throne. The audience lasted about a half hour and I don't think I shall ever forget it. Before he came in, everything had to be just so and the fellows arranged in groups according to their nationality. We each got a rosary and a picture of the Pope as a gift from him.

"I saw many other things in Rome, the Colosseum, Mussolini's balcony, the prison of Peter and Paul, all kinds of memorials and so many things. One day is hardly enough to do the town properly. St. Peter's at the Vatican is the most wonderful of all. I wanted to see the Sixtine Chapel, but unfortunately it was closed.

"Rome has street cars and I took a very short ride. Food is very scarce, in fact I didn't see a thing to eat, but the people look well fed and they dress just like Americans."

WOUNDED IN FRANCE

Mr. and Mrs. Sylvester Senger, of North Warren, have received word that their grandson, Capt. Francis E. Senger, has been wounded in action in France and evacuated to an army hospital in England. Writing home, the officer says: I picked up a piece of lead on the ninth and was hit again by shrapnel on the eleven. I am now in the hospital, expect that I have a piece of steel in my chest, just under the collar bone and close to the shoulder joint. I want to go back "is week but these people have different ideas. Had rather a busy time in France while it lasted. But had the best hunting so far. The targets were numerous and easy to hit but sometimes rather hard to convince. Took a lot of pictures from the top of my tank on "that" morning as we were going in.

Pvt. Garnetta June Hamm, daughter of Mr. and Mrs. John Hamm, 116 Frank street, has finished her boot training in the U. S. Marine Corps Women's Reserve and is now stationed at Camp Elliott, San Diego, Calif. The Hamm's have also word from their son, Robert, saying that he has arrived safely somewhere in England.

Paul Conway, of the U. S. Navy, is home on leave, after many months aboard ship in the South Pacific, where he has participated in plenty of combat action.

Burdett E. Jordan, son of Mr. and Mrs. Merrill Jordan has been promoted to a First Lieutenant at Camp Ellis, Ipava, Ill. He is stationed there with the uartermasters Corps.

ARRIVE AT CAMP
According to word received today from Camp Wolters, Texas, several Warren men are in the group which has arrived there to start basic training as infantrymen. They are: John Schofield Barr, 1614 Glade avenue; Tarry Ernest Hancock, Kinzua; William Joseph Germondo, 707 Pennsylvania avenue, east; Leon John Ferry, 515 West Fifth avenue; Howard Owen Flick, 6 Bradley street.

MILITARY ASPECT OF NAZI REVOLT

Hitler seems to have held his home-front fairly steady thus far in face of the rebellion by the Prussian high command, but we need feel no great disappointment over that since our main interest really lies in the military aspect of the situation—and things are coming our way fast.

Of course, it would be a matter of vast rejoicing if civilian Germany should bring a quick ending to the war by deserting the gangster whom British Prime Minister Churchill yesterday labeled with an appropriate name which the newspaper boys delicately euphemized into "bouncer." However, the belief is widespread among statesmen and military men that we shall get a more lasting peace if we achieve it through a crushing defeat of Germany's armed might on the battlefield. We've had one experience of letting Prussian militarism save its skin by yelling "kamerad."

Whichever way you look at it, we have the satisfaction of knowing that, as Churchill told the troops in Normandy yesterday, "there are grave signs of weakness" in the Reich and the war "might come to an end earlier than we have a right to say." The enemy's "central power is crumbling."

Hitler's blood purge, which is reported to have liquidated some of the greatest of the Prussian high command, and a host of lesser officers who supported them, is doing a grand two-fold job for the Allies:

1. It's saving us the post-war trouble of removing these keystones of militarism from circulation permanently.

2. It's knocking out Germany's best military brains and thus is vastly simplifying our task of smashing the Reich's military machine in the field.

"E" BOND QUOTA LAGGING

Further emphasis to the article appearing on page one of this issue regarding the War Bond Drive in Warren county, is found in the following communication from R. H. McClintic, vice chairman of the Finance Committee of Pennsylvania, which needs no further comment:

In ten days, the Fifth War Loan Drive will be a matter of history. Unless some immediate action is taken, the history will not be one about which we can be very proud.

It is true that the overall quota has been exceeded, both nationally and in the Fort Pitt area. However, we have failed to achieve our "E" bond quota and, until we do, we are, in a great sense, breaking faith with our fighting men.

I appeal to you to bring to your readers the very urgent need of buying EXTRA bonds now, so that the great privilege that is ours will be accomplished and the quota oversubscribed.

I appreciate all that you have done in the past in presenting the facts to your subscribers and I know the boys in your community will also be proud of your continued efforts.

Thanking you in advance for your cooperation in this important matter, I remain

Sincerely yours,
R. H. MCCLINTIC, Vice Chairman
War Finance Committee of Penna.

Probably Tojo wouldn't understand the purely American question of changing horses in midstream, which we are pondering this year. It's too democratic, in spite of all the Japs' aping of western customs. But when he called General Umezu and Admiral Nomura in from the bullpen and put them into the game, it was clear that he had learned enough American baseball to now what to do when opposing batters started pounding him all over the lot.

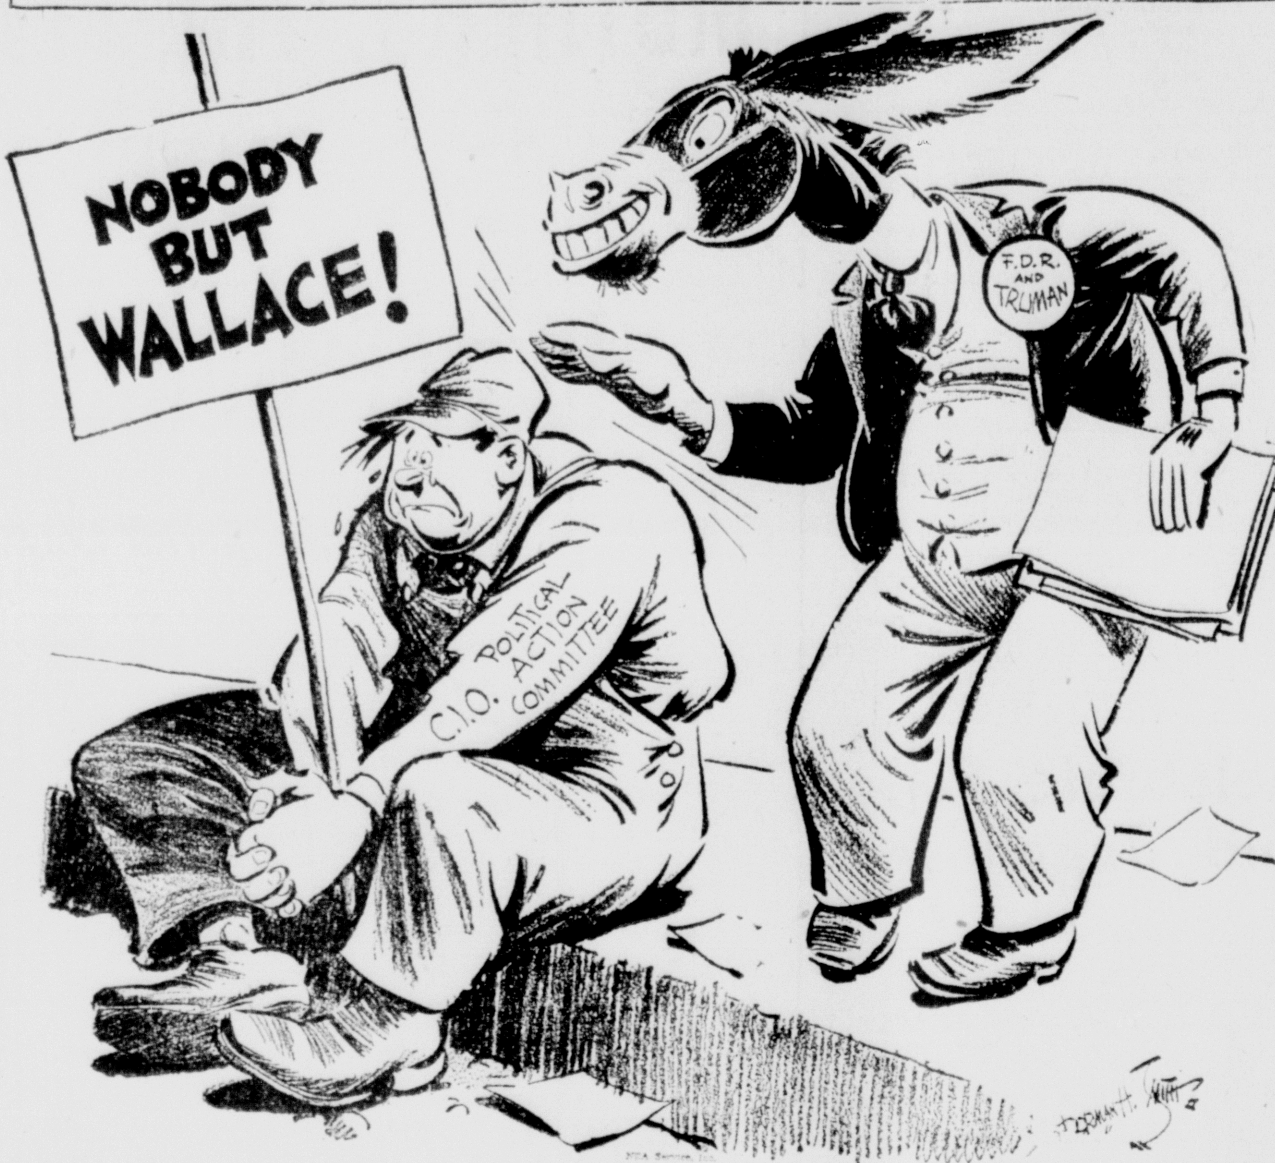

An AAF sergeant stationed in London was seen running around gleefully snapping pictures of every pretty girl he saw. Someone asked him where he got the film. "I haven't any film," said the sergeant, "but it's a lot of fun anyway."—Readers' Digest.

Points will be needed for ham after August 1st. Too many, it seems, made a rush to stock up short weeks ago, and then the available supply began to diminish. That may also be the reason for the present shortage in favorite brands of cigarettes.

In 1924
In accord with an order to remove all advertising signs within a certain distance of highways a number of signs in this section have been taken down.

Newt. Dailey, of Pleasant township is in town today with another consignment of fine strawberries for his customers. He has recently increased the acreage at his farm for fruits and berries and next year expects to harvest larger crops than this year.

Work on the new Baptist Temple will be started this summer. The offer made by A. J. Hazeltine to give dollar for dollar with the congregation has been reaffirmed by Mr. Hazeltine.

H. L. Schweizer, of Hemlock brought an egg to this office today that is a real egg. It weighs five ounces. Companion with the weight of an ordinary egg shows it to be of huge size.

Dr. and Mrs. D. A. Smith and son, David have returned after spending a week in Boston. Dr. Smith was a delegate to the National convention of the BPOE and greatly enjoyed the affair.

In 1934
Sunday next will be Warren Day at Celoron and from all indications there will be an immense crowd out. Special arrangements have been made for the folks from Warren.

William Epstein who was in business in Sheffield for 40 years is back in Sheffield again and will once more open a store. He is busy assembling stock and his many old time customers will welcome his return.

Sheffield is suffering a water famine and notice is served that until there is a heavy rain there can be no more water be used for lawn sprinkling, car washing, etc.

Florence Kennett has opened her country place along the Warren-Jamestown road. Extensive improvements have been made and special lunches, etc., will be served.

About 80 Boy Scouts will break camp at Camp Olmstead where they have been for a week and will arrive home tomorrow night. About 350 boys have registered for the seasons camping.

DETAIL FOR TODAY

Crow

A CROW is the Navy or Coast Guard rating badge worn on the arm of an enlisted man who specializes in one particular trade. The red stripes under it are called CROW TRACKS. The foremost desire of most men is to be able to wear a CROW—and the more CROW TRACKS the better. Under each CROW is an insignia designating the type of work a man does. A yeoman has two crossed feathers, a boatswain's mate or coxswain, two crossed anchors, and so on. Civilians who are very curious about such things often ask an electrician's mate, who wears the insignia of a white globe under his CROW, whether he is a basketball player.

What It Means

By JAMES D. WHITE

WASHINGTON—Undersecretary of War Patterson said the other day that Anglo-American armies on the Norman beachhead were approaching a point where they would have four times the firepower the Germans have.

The German army is no amateur when it comes to massing firepower, but the truly remarkable thing about its fire superiority in Normandy is that it was brought in over flat beaches and across the English Channel.

Firepower Is Killing

"Firepower is the killing end of the business," added Patterson.

It's what enables you to shoot a German with your eight-shot automatic Garand rifle before he picks you off with his gun, which has less firepower. It enables you to blast out the enemy before he can throw enough to blast you out. Superior firepower can hold the enemy down from a distance and keep him from counterattacking and throwing you out on your neck.

From Saipan, AP correspondent Rembert James reported that American firepower reversed the historic military ratio of casualties on that bloody island. In the first 14 days of fighting the Americans buried 1,474 of their own dead, but buried 4,931 Japanese. This does not count a lot of dead the Japanese buried themselves to conceal their losses.

Subsequently in Washington, the Navy announced that at the close of all organized opposition on Saipan, American dead totaled 2,359 and the Japanese 11,493—a ratio of almost 5 to 1.

Captives Lose Spirit

Military thinkers traditionally have figured that an attacking force, striking a well-dug-in enemy, would suffer three times as many casualties as the defending force. On Saipan, American firepower was so great that the defending Japanese paid approximately 5 to 1 in casualties against the attacking and more exposed Americans.

Soldiers have no doubts about

what firepower means and recognize its implications instantly. Germans surrendering on the Norman battlefields may be cocky when they give up, but by the time they have marched to the rear through the acres of heavy stuff the Americans are bringing up, they often are despondent. They realize that Allied armies there have such firepower superiority that the German battle is hopeless. This reaction by surrendering Germans has been reported many times.

From Normandy, AP correspondent Don Whitehead reported that during a minute of the drive on St. Lo he tried to count the detonations of American heavy guns firing from his position. He said he gave up when the count reached 70, and the explosions were coming so fast they mingled.

Firepower includes everything that goes bang—rifles, grenades, mortars, big and little artillery, rockets and aerial bombs. The more you send the enemy the less he can hit back and the sooner he'll quit.

Big Guns Hub To Hub

But the big stuff is increasingly important in this war, as exemplified by the Russians who mass their artillery almost hub to hub for miles when they start a big drive.

This is why the War Department has ordered an increase of several hundred per cent in the production of heavy shells. The announced purpose is to provide unprecedented massed firepower for American forces in combat zones.

Another reason is that you can replace the tons and tons of shells fired on the enemy. You can't replace the men.

War's at her fingertips. She puts through the calls that get things done.
Sometimes when you're telephoning and the long distance lines are crowded, you will hear her say — "Please limit your call to 5 minutes." That helps everybody all along the line.

Shirley Johnson in Her Senior Recital At Conservatory

On Wednesday evening, beginning at 8:15 o'clock, Shirley Johnson, of Youngsville, will give her senior piano recital in the Conservatory auditorium.

She will present a very attractive program which will be climaxed by the Liszt Concerto in E Flat Major, with orchestral accompaniment played at the second piano by Miss Lillian Swanson, of Youngsville, who has so capably prepared her for her two years of study with Dr. LeRoy Campbell. Assisting her in two groups of vocal numbers will be Constance Elaine Dey, with Mrs. Eugene Kuester at the piano.

All interested friends of the musicians and the music institution are cordially invited.

country when he is being attacked."

Of the attempt on Hitler's life, Churchill said with a grin: "They missed the old bouncer (rough approximation), but there's time yet."

Berlin was silent on the counter measures taken against the German officers whom Hitler said had planned to kill him.

Berlin itself was reported quiet, though one Ankara report said the capital was under a curfew.

By CHARLES S. FOLTZ

Madrid, July 23—(Delayed)—(P)—The revolt of German generals, according to reports direct from Berlin, has given Adolf Hitler and Heinrich Himmler the opportunity to snatch what power German army leaders still held within the Reich. It also has enabled them to impose the last word in police terror rule upon Germany.

With the reopening of telephone communications between Berlin and Madrid it was learned that the SS (Elite Guard), the Gestapo, Hitler Youth and the whole Nazi headquarters of gunmen now stand in the last-ditch position planned long ago against the day when the German military machine showed signs of a crackup.

Superficially, Germany today was quiet with SS and Nazi-ordered units in apparently uncontested control, but the leadership of the internal opposition to the Nazis, except for a very few gaps created by the blood purge, has remained intact, the frontier account said.

These secret sources declared the only member of the "high committee opposition" caught was Col. Gen. Ludwig Beck, taken by accident after he had been warned of impending arrest, and that Himmler "doesn't even know who the members of the committee are."

The Germans announced grave new reverses in Poland placing the

Russian army within 50 miles of Warsaw.

The German radio exhorted the home front to "mobilize to the last strength" and asserted "no one has the right to live, not even breath, who does not carry arms or forge them."

ARRESTS CLEAR UP OIL CITY ROBBERIES

Oil City, July 24—(P)—Chief of Police J. W. Darnon said today that the arrest last week of five young men had cleared up at least 20 burglaries or attempted burglaries of grocery stores and filling stations in this area during the past month.

The five entered pleas before Alderman Morris Golstetter today and were held in Venango county jail for court action next month. The five are J. T. Swartz, 23, and Richard Bloom, 20, of Oil City; Fred Root, 21, Clintonville; Harold Anthony, 20, Climax (Clarion County), and a 16-year-old Rocky Grove youth.

CONGRESS MAY DELAY WORLD BANK ACTION

Bretton Woods, N. M., July 24—(P)—Congressional action on the proposed international monetary fund and world bank for reconstruction is likely to be delayed until the new congress meets next January, an informed source said today.

As the last of the delegates to the United Nations monetary conference departed from this White Mountain resort, it was pointed out that although quick action on the two plans is desirable it will be virtually impossible to bring the matter before the present congress this year.

Although congress is scheduled to reconvene late in August, the lawmakers are expected to be in recess most of the time because of the political campaign.

Hundreds of women jammed the store's stocking counter this morning.

The store's entire month's quota of 51 gauge sheer rayon stockings disappeared in the first half hour of the store's business. Harried clerks, headed by Miss [Name], were overwhelmed at opening time this morning as a crowd of women, informed by a Post-Journal advertisement, waited for doors to open.

The switchboard was jammed with telephone orders by persons who were unable to get downtown and operators estimated that 19 calls in 20 were for the stocking counter. Clerks from other departments were drafted to care for the rush.

In an effort to distribute the stockings as evenly as possible, purchasers were limited to three pairs and nearly every woman buyer took her full quota.

Hines Yields But Two Hits In Sensational Mound Duel At Irvine Sunday Afternoon

"Old Dix" Hines pitched himself one of the best games of his career Sunday before a crowd of over 500 people at Wilder Field. Dormont came to Irvine stacked heavily, including some of the boys who appeared here with Honus Wagner's All-Stars, expecting to chalk up the second consecutive victory over the locals. They went away sadly disappointed, although they gave the Irvine crew a tough battle before they nosed out with a two to one victory in a classical exhibition that went thirteen innings.

Dormont opened the scoring in the third inning. McWilliams was safe on Natalie's error. Haines and Pape went out but Debnar singled to right, scoring McWilliams with the first and last run for the down-river crew. Davis singled in the fourth and this was the last hit of the game for the visitors. Hines pitched 9 and one-third hitless innings.

McSpadden Wins At Salt Lake City

Salt Lake City, July 24.—(P)—Harold (Jug) McSpadden of Philadelphia is the 1944 open champion and he owes it—in his own words—to a putter that he handled with a "mother's kiss."

McSpadden shot a record-shattering third-round 63 yesterday on the 6,575 yard par 72 Fort Douglas course, rated the toughest in Utah.

The Jug won the \$2,500 tournament with a 271, two strokes under Byron Nelson of Toledo, Ohio, and another record.

At the end of 36 holes, Nelson had a 67-65-132 and McSpadden a 69-67-136. But Nelson's lead melted when McSpadden's putter ignited.

McSpadden's 63 was two strokes under the competitive course record of 65 set several years ago by Tee Branca, then home pro. His 271 total, 17 strokes under par for the 72 holes, was two under the Utah open record set in 1936 by George Schneider of Salt Lake City at the Country Club.

On his record-smashing round, he tacked the first nine holes in 31 and under par. He returned in 32, five under.

State Hospital Game Is One-Sided Affair

The National Forge defeated James City by a 16-6 score Friday night at the State Hospital Field. The game regularly booked for the evening had been cancelled, and rather than disappoint the patients and attendants at the institution on their weekly game, Forge agreed to furnish the opposition. It has been announced that Forge will play weekly at State instead of every other week. Rosequist, with five for five, was the big noise for the locals. Morrison and McKinney each had three hits. Petrowski, J. Massa and Hines each had two. The box score:

Extra-Inning Game Is Won By Struthers

The first baseball game at Russell field in over a year, played Sunday afternoon between the Sylvania's of Emporium, and the Struthers Wells, proved a sizzler in more ways than one. The result was not decided until the last of the tenth inning when Rose connected for a base hit to score Swanson after he had connected for a single and stolen second. A good crowd witnessed the close and exciting game.

In a game played Saturday afternoon at Chautauqua the Struthers were victors by a score of 11 to 9. Chautauqua had a big third inning when they scored seven runs. The Ironworkers started a barrage in the eighth scoring ten runs to put the game on ice 11 to 9. The score by innings:

Rookie Helps Keep Orioles In the Running

Baltimore, July 24.—(P)—Baltimore's high-flying Orioles, battling for their first International League pennant in 19 years, can thank a hard-working 19-year-old 4-F Rookie Arkansas catcher for a lot of the stuff that is feathering the Bird's nest.

He is Sherm Lollar, one of the finest major league backstop prospects in the minors, and a youngster that many big time scouts are writing home about.

The Fayetteville, Ark., lad never played professional ball until he came here late in 1943 to catch 12 games with the Birds, almost single-handedly clinched Baltimore's victory over Toronto yesterday when he rifled down line-drive home runs into the left field stands. He clouted two in each game, his final blast coming with two aboard in the nightcap.

But Lollar's value isn't so much in stickwork—his average is only .245—as in steady, dependable work behind the plate.

League-leading Baltimore has played 90 games to date and the kid has caught 81, doubleheaders and all, which is workhorse receiving in any league.

Two Will Vie For Title At CVCC Sunday

Only two golfers remained in the first flight of the Coneywango Country Club championship play today with Tim Creal remaining the immovable force and only one man left to take a crack at his title.

Creal froze out Art Johnson over the 18-hole route Saturday, defeating him 8-7 and will face Bill Rice in the 36-hole finale next Saturday.

In the consolation event, a fast-moving match between Todd Siggins and Gil Howell was in the spotlight with Siggins emerging 1-up after leading by a good margin throughout, then dropping off toward the end, but recovering in time to win.

Following this service the congregation proceeded to a nearby stream where the following were baptized by immersion, George Robert Parsons, Mrs. Edna Catanes, Ralph, Mary and Joseph Parsons.

About ninety adults and children enjoyed the Sunday school picnic held at Allen Park in Jamestown Wednesday. Although the weather was threatening rain in the morning, the day turned out nice to the joy of all the children. A delicious picnic dinner was served in a pavilion followed by the usual treat of ice cream and cake. Children were all busy with swim slides and other playground equipment. Some enjoyed swimming in the pool. A baseball game was so played with teams captained by Dorothy Nelson and Marion May. Dorothy Nelson's team winning with a score of 21-22. In the afternoon they departed for the homes all tired but happy. Dinner was served under the direction of Mrs. Hazel Kays and Mrs. Arl Meley.

Week-end guests of Mr. and Mrs. Ray Marsh were Mr. and Mrs. Harry Lee Valley of Olean.

Closing in to Cut

Off Guam's Harbor

(From Page One)

on Guam and Tinian.

Japan has held all the Marianas, except Guam, since the first World War, when under the Versailles treaty it got the islands by mandate.

Now they are being lost. Rota and Pagan, the two other important inhabited islands of the group, seem next on the list.

Southern Pacific planes bombed Yap, Palau and Woleai, south of the Marianas, in support of Nimitz' invasions. They also sank a small enemy vessel 70 miles off the southern Philippines, an achievement significant in that it revealed close patrol of these waters.

The Chinese still held Hengyang, the Allies slowly closed in on Myitkyina in north Burma, and British troops struggled across monsoon-gorged rivers in pursuit of the Japanese who vainly invaded India.

Reconnaissance units entered Marina Di Pisa at the mouth of the Arno, but found the town unoccupied and withdrew.

The Germans continued to pump shells into Livorno, and bombarded Fontedra, four miles east of Cassina.

Forces from the Poggibonsi area made progress along highway two, occupying Tavernole and nearby Mount Morisco, and reaching the village of Strada, 12 miles from Florence.

In the upper Arno valley the Eighth Army made new gains north of the river, clearing Ternova of the enemy and reaching a point almost as far as Mount Marciano. Advances were slight in the Arezzo sector.

British troops advanced three miles in the upper Tiber valley after the capture of Citta Di Castello, where 90 Germans were killed and the bodies of 30 more were found on a hill beyond.

That the International Correspondence Schools help toward Advancement? We do not guarantee positions. No reliable school will make such a guarantee. We do maintain a service bureau, however, that renders valuable service to many students. One of the many ways in which we help is to keep the employer informed of the progress made by his employee who studies, thus keeping the employer informed of the progress and studies completed by his employee. As we pray for Their Safety—

Let us send Our Dollars to *FIGHT* with them—

Pray for them, America.

Pray for their safety in this fateful hour. Pray for Victory in their bitter, bloody fight for freedom. Pray for their return to us as soon as may be.

A long, hard road lies ahead. There will be many a desperate, heart-breaking day before they reach the end of that road. And many a white cross will mark its course through the tortured battlefields of Europe.

Would that we could do something to help our gallant fighting men in their hour of need! Would that we could do something to express the gratitude in our hearts for the sacrifices they are making for us.

Do something? We can do something. Each and every one of us, right now, can join the fight by purchasing extra War Bonds. Let us show our loved ones over there that we are

with them heart and soul. Let them know that we are backing them to the limit — to our last dollar.

Yes, to our last dollar. No matter what sacrifices we have to make, let us all invest in War Bonds now — more and more War Bonds — until we have poured out the might of America in overwhelming measure. Now, as never before, your country looks to you.
